April is National Volunteer month! It's a great time to recognize all the wonderful volunteers that work with your Main Street program!

Want to learn more about giving your volunteers a great experience with Main Street? **Join the NMSC for a webinar on Thursday, April 23, 2015 at 1:00 PM Central on volunteer management**, presented by NMSC staff Kathy LaPlante and Jodie Hiveley. In addition to discussing volunteer trends and tips, we will unveil new tools to help you manage your wonderful volunteers, including a new customizable volunteer handbook! (this alone is a great reason to tune in!)

It is great to see so many participants in the Main Street Clean Sweep! KYMS partnered with Bluegrass Green-space on this project last year and I am thrilled to see so many Main Streets participating. This is great PR for your organizations and at very little if any cost to you!

Adam Levine comes to intern at KHC!

Seriously, here he is.

Adam is a senior at Georgetown College and is completing a project under the direction of Roger Stapleton. The other cool thing he will be doing is after graduation he will be riding his bike across country with his friend to raise money for Parkinson's disease. Check out their website to see their route and to make a contribution if you like. What a great adventure for a great cause. Look them up at
