## 33<sup>rd</sup> Annual Kentucky Heritage Council Archaeology Conference

Celebrating the 50<sup>th</sup> Anniversary of the  
National Historic Preservation Act in Kentucky

March 11-13, 2016

Pine Mountain State Resort Park

The 33<sup>rd</sup> Annual Kentucky Heritage Council Archaeology Conference will be hosted in partnership with the Kentucky Organization of Professional Archaeologists and Kentucky Archaeological Survey at [Pine Mountain State Resort Park](#) near Pineville, Kentucky. In honor of the 50<sup>th</sup> anniversary of the passage of the National Historic Preservation Act (NHPA), much of this year's conference will be devoted to celebrating the impacts of this significant event in Kentucky Archaeology. For those who wish to present, please complete the form below and submit no later than **January 31, 2016** via email to Kary Stackelbeck ([kary.stackelbeck@ky.gov](mailto:kary.stackelbeck@ky.gov)).

### Accommodations:

A block of lodge rooms at the conference rate of \$84.95+tax has been reserved for Friday, March 11<sup>th</sup> and Saturday, March 12<sup>th</sup>. Cottages and cabins are available at discounted rates of \$118.95 and \$93.45, respectively. To receive this group rate, please book your rooms by **Tuesday, February 9, 2016** by calling (606) 337-3066 or (800) 325-0057 and indicate that you are with the KHC Archaeology conference.

## 33<sup>rd</sup> Annual KHC Archaeology Conference Submission Form

### Presentation Format (please select one):

- Oral/Powerpoint (20 minutes)
- Poster (to be displayed during Saturday evening reception)

### Presentation Topic (please select one):

- The Democratization of Kentucky Archaeology:** From the awe-inspiring to the quotidian, highlighting sites that would not likely have been investigated or documented but for the NHPA and what they taught us about Kentucky's rich cultural heritage.
- The Team Approach to Historic Preservation:** Successful examples of studying the past through NHPA-related projects that have benefitted from interdisciplinary or interagency approaches, or the engaged involvement of multiple actors in tandem with the professional archaeologists (e.g., Indian Tribes, Consulting Parties, members of the public, school groups).
- Stewards of Kentucky's Heritage:** Significant sites that are being actively protected for future generations because of the NHPA, including those on public lands and those that are under easement on private property.
- NHPA Archaeology—Then and Now:** Retrospectives on changes and developments in NHPA-invoked compliance, standards, documentation, and research.
- Thinking Outside the Box, but Inside the NHPA:** Examples of successful creative compliance measures OR How archaeology can contribute to underutilized components of the NHPA, such as Traditional Cultural Properties, Cultural Landscapes, Designed Landscapes that Include Scenic Vistas, or Rural Historic Landscapes.
- Making Kentucky Archaeology Public:** An off-shoot of the Nation-wide campaign, Making Archaeology Public, this is a collection of papers and/or posters that highlight the most important insights into life in the past that we have gained from CRM archaeology in Kentucky and the wide variety of efforts to make that research accessible to the Public. Papers under this theme could relate to 106 mitigation, projects funded through Survey and Planning Grants from KHC, or other successful Public-Private partnerships that were facilitated through the NHPA. This session is expected to lead into a focused planning meeting for Kentucky Archaeology Month events.
- Other NHPA-related subject:**
- General Session (non-NHPA-related)**
