

If they were here

Rosa Parks, MLK

I know if they were alive today,
They would stand up against these cruel acts
And protest these horrible attacks.
On the African-American community,
So that FINALLY, there will be unity.

If they were here,
Our world would be a better place.
For anyone of any race.
Hispanic,Asian,Indian, Blacks.
Maybe for once we can all relax!

To Enjoy this beautiful world, That god has given
Despite your Religion
We can all live in Harmony and peace
Surely in that moment discrimination will cease

They would inspire our nation
They would help our current situation.
Strong, brave leaders are what we need
They are the foundation,
Of a fair and equal community indeed
He would be just would we need,
Martin Luther King
