Main Street Monday!

**MAKE A
BIG IMPACT
SHOP SMALL**
SMALL BUSINESS SATURDAY
NOVEMBER 26, 2022

It's hard to believe that the Holidays are just around the corner! We will have a shop Kentucky Main Streets campaign and as we do everyday, an emphasis on shopping local. Have you signed up to be a neighborhood champion for Shop Small Saturday? Hurry so you get your swag in time!

Congratulations to Beattyville director, Teresa Mays who was selected as Citizen of the Year! Teresa worked tirelessly after the flood in March of 2021 to help get the downtown back on track. She is not one to take credit for all that she does, it is a team effort, but she is a leader. She was Grand Marshall of the Woolly Worm Festival parade this past Saturday!

We had a great time at SOAR. We were able to meet with several Main Street directors and government officials and spend a little time with Pikeville Main Street also. The sessions and speakers were very informative.

We love when students are engaged with their downtown. This grows the next generation of downtown leaders. You must plant the seed and empower them to get involved and help plan the future community they want to live in.

Morehead director, Tony Pence and friends at the business pitch session. The winner, Mikey Jarrell is a barber in downtown Paintsville! He had a great product KiddieGuardz check it out at kiddieguardz.com

Salyersville director, Emma Wireman & Judge Matthew Wireman go over a plan for entrepreneur ecosystems in one of the sessions.

Here is an excellent training from the Mountain Association that is available to those of you in the area!

The training is **FREE**, but you must register <https://mtassociation.org/spark->

Walmart and Sam's Club Facilities offer grants up to \$5,000 to nonprofit organizations, government entities, schools, IHEs, and faith-based organizations to enhance local communities. Applicants must complete registration prior to applying. Eligible applicants must operate on the local level or be an affiliate or chapter of a larger organization that operates locally, and directly benefit the service area of the facility requesting funding.

Eight areas for which funding can be applied include:

Community and economic development

Diversity and inclusion

Education

Environmental sustainability

Health and human service

Hunger relief and healthy eating

Public safety

Murals around KYMS If you are interested in the artists or the process please reach out to the KYMS directors in the community. They are all looking great and adding interest to downtown!

We can't wait to see the completed mural in downtown Murray. This is the second in just a few weeks. Stay tuned or check out Kentucky Main Street & Downtown Murray on FB

Head out to Synthiana asap! 500 skeletons are waiting for you! Large ones, small ones, and all windows dressed up to delight. You will be delighted shopping in the local shops and seeing the great window displays!

The Tri-Cities Heritage Development Corp. (MAIN STREET PROGRAM) has declared "PUMPKIN DAYS", beginning on October 26- 31, 2022. The committee is asking everyone in the Tri-City area to place a pumpkin on the sidewalk in front of your home or business. The pumpkins may be real or fake, large or small, plain or carved, and any color you choose. Let us see how many pumpkins can be put out between the Cumberland Methodist Church and the Lynch Church of God by Monday, October 31, 2022.

Enjoy and count the pumpkins.

There are still a few tickets left for The Spirits of La Grange Ghost tour on Halloween night! Come meet some of La Grange's most "spired" residents on this special night. These guided walking tours give you a look at the history of our town, the beautiful historic buildings and share the haunting stories of very interesting residents. Get details at www.lagrangemainstreet.org #

Get your ducks in a row to be in Boston! I have a gift for the first person who can tell me why we used that phrase!

Did you hear the news? [La Grange Kentucky Main Street](https://justonelifemovie.com) is going to be on the Big Screen? People are being drawn to our wonderful little town for it's beauty, it's history and because it feels like home. Check this out: <https://justonelifemovie.com>

We love to have company! Tourism is very important to us and to KY. We also must have a community that the locals love and share. Main Streets strive to build communities where people want to work, shop, play, invest & relocate their families and or business. You can volunteer to be a part of the great work being done across the state by finding a KYMS community near you.!

Build a town where the locals want to come to, the tourists will find it!

Great wayfinding signage in Pikeville's Entertainment and Creative District! Transforming Second Street!

Minta meeting with merchants to go over details of the Hippy Fest event that took place last Saturday.

All of Pikeville's Street signs have the city name on the top so you always know where you are. You could be on Grace, Caroline, Division, Main, they all say Pikeville at the top.

Expanded business and rehabilitated building! We are so excited that CB's in **downtown Beattyville** renovated a previously large vacant building. This allowed them to increase their floor space and inventory tremendously. Thank you for investing in downtown!

Expanding and opening a new 24/7 public training facility in downtown Murray! We love what this owner's commitment and passion.

Since we opened in mid 2021, we aimed to do one thing; be a facility that accepts, inspires and pushes you to find your best. We also were committed to being a part of this city, not just a business that benefits from it, but one that works with organizations and outreaches to give back to the community that has believed in us since day 1.

Save the Date!
