

NOV. 23, 2020

Main Street Monday!

Please help welcome KHC's new Survey Coordinator, Candice (Candi) Rinehart! Candi is a familiar face given her many months of working with us through a contract with UK to help prepare these nearly 116,000+ files for digitization. She has completed graduate coursework toward a Master's Degree in Historic Preservation from University of Kentucky and has 31 years of state government experience in project management and working with a wide range of properties including historic resources. Areas of expertise include ArcGIS and mapping historic neighborhoods, and proficiency with AutoCAD.

We have encouraged everyone to shop small during the summer of pandemic, now is the time to really assist your locally owned small businesses and to help them enjoy the holidays knowing they will still be in business in 2021. It takes all of us! Friends, family, neighbors to keep our communities thriving. Call for carry-out, shop online with your favorite boutique, buy gift cards and downtown dollars, your small act today will have a big impact for the year ahead.

\$\$\$\$\$ IT'S TIME TO RING THE REGISTERS! \$\$\$\$\$

This year Small Business Saturday is everyday! It has been a difficult 8 months and as we head into the traditional holiday shopping season it is extremely important that we support our local retailers and restaurants. It is also important that the guidelines for doing so safely are followed. Our KYMS businesses are working to provide you with the safest, easiest, unique, shopping experience you can have.

The restrictions in place are not unique to Kentucky. States across the nation have felt the impact of the pandemic, some more than others. We are all in this together and doing the very best we can to provide for customers while supporting our friends and neighbors who have donated to our communities for many years.

Please support your locally owned businesses and have the safest Small Business Saturday possible. We all thank you for your support!

Please patronize your locally owned restaurants and not just on the week-end. They need help throughout the week when they are less busy. Ways you can help.

*Pay cash, saves them fees.

*Pick up curbside delivery, skip the online services most charge the restaurants a fee.

*Skip the utensils

*Tip your server extra

* Buy Gift cards

*Bundle up and sit outside

*Buy drinks to go think tacos a margaritas, beet to go mocktails and sodas.

THE KYMS Catalog This week we are sharing some items that you can find in KYMS retailers across the state. These are just a few samplings as each community has many more retailers that offer unique and hand crafted items that you won't find just anywhere. And the service is personal and they sincerely appreciate your purchase. See something you like, contact the business direct for purchase 😊

From vintage to new you can find some very unique items in **Carrollton** at Homestead Antiques and Home Furnishings (502) 525-2574
