# Main Street Monday!

You know you want one of these great bags!!! How do you get one you ask, by attending the Kentucky Main Street Conference of course! It is time to register if you have not and you can do so completely on-line! Just go to this site for conference registration or day passes.

<https://www.rcov.org/kymainst40>

Look who else is coming to the conference!

Strong Towns President Chuck Marohn will deliver a presentation as part of the 2019 Kentucky Main Street Conference. This three-day event celebrates forty years of the Kentucky Main Street program, along with bringing together Kentucky (and beyond) Main Street Directors, Board Members, and local supporters to explore topics facing our Main Streets today and in the future.

Details are forthcoming and times are subject to change. Subscribe to Strong Towns emails for the latest updates ([strongtowns.org/email](http://strongtowns.org/email)).

We all have a wonderful time learning and networking with our peers from around the country last week in Seattle. Here is the luckiest lady in KY, Vicki Goode, Perryville, arriving with David Burch, Scottsville. Not only did Vicki win a scholarship to attend the conference, she won an I-pad at the conference!

Someone please take her to buy a lottery ticket.

There were some great sessions and great speakers this year. We will share some of our ah ha moments with you in April.

Save the 2020 date, May 18-20 Dallas, Texas Yee Hah!

We love this March Madness bracket! Thanks to our partners at CEDIK for helping Winchester with this great idea! We can't wait to see who the winners are!

A few photos from the conference. We had a great time, but at the end we were all exhausted!

David is always smiling!

## The Impact of Buying Local - Does it Matter? Yes!

With the ability to buy anything available at our fingertips, whether online, by phone, on TV, etc does shopping and buying local really make a difference? In a word, YES!

There are a myriad of reasons to consider your local merchants first whether buying routine purchases such as groceries or household items, buying for special occasions such as birthdays, anniversaries, Christmas, or for large infrequent purchases for your home or special interests.

So whatever resonates with you, think about it the next time you shop or buy. We are all in this together.

DREAM.  
PLAN.  
DO.

We need at least 10 people to sign up in order to offer the **free** class conducted by the EKY Small Business Development Center.

Get healthy on Main Street!

Mayor Scott Jackson and Director, Teresa May celebrated the first day of Spring by walking the Main Street Mile in Beattyville! . Look for the green MSM signs.

This downtown walking path is a great way to experience the now completed Street Scape project and our small businesses. It can be completed in approximately 20 minutes (perfect for employees to enjoy on lunch or breaks during the work day).

Please use caution when crossing the street and obey all pedestrian traffic rules.

The Beattyville Main Street Mile is a group effort between the City of Beattyville, The Downtown Beattyville Alliance and Lee County Diabetes Coalition.

Do you have a walking mile in your downtown?

If not, it is a great time to do so. You can introduce it during Main Street week in May! Your local health dept or hospital would be glad to assist you!
