The purpose of London's Living Treasures is to honor those in our community who represent our best values. The program is an effort to strengthen London's historic preservation by recording the stories of those who have lived our history in an admirable way. Each year, the committee accepts nominations before selecting four recipients.

The Sentinel-Echo publishes a story about each Treasure in each issue leading up to an Awards Banquet for friends and family of the Treasures, held at the London Community Center. Each year a video tribute is shown during the ceremony, honoring the life of each Treasure before the mayor presents each recipient with their award.

Preservation Kentucky's Tour120 is a statewide heritage tourism program designed to raise awareness of the importance of historic preservation and heritage tourism to Kentucky's communities. The program launches on Saturday-Sunday, May 18-19, 2019 during National Historic Preservation Month, with tours of historic buildings on the same days throughout the state to make a large impact on the public and provide a cohesive branding and promotional opportunity for the sites that participate. The goals are to showcase Kentucky's diverse historic architecture, increase visitors to historic sites, spark interest in all age groups and get folks out into their own and neighboring communities to explore the built environment that tells our Kentucky story.

Coming to downtown Danville !!

Join us for one-day adventure in downtown place-making. We're commandeering two parking spots in the parking lot off 3rd Street between Broadway and Main - adjacent to the Danville Community Mural - and converting them into a temporary park. The 200 square foot 'park' will be divided into two sections, with furnishings and free activities designed to promote family fun and individual creativity.

Family Fun Lawn - stop by with your family and enjoy corn hole, Jenga, lawn dice and other activities. You can even learn a new dance - the Title Town Two-Step!

Writers Garden - rediscover the lost art of written communication. Try your hand at using an old-fashioned type-writer or sit down and pen a note to a friend using our pre-stamped postcards. Or just sit for a spell and enjoy the experience of an unconventional garden!

Our pop-up park dovetails beautifully with three other community events that you should definitely check out! The Danville Garden Club will be hosting a tour of 8 Inspiring Gardens throughout the day on Saturday. And [The Boyle County Public Library](#) will be hosting authors, poets, writers, and journalists for readings and book signings as part of the 2019 Jeanne Penn Lane Celebration of Kentucky Writers. Then in the evening, be sure to get your tickets for "Moon Over Buffalo" at [West T Hill Community Theatre](#).

Thanks to [McAfee Mowing & Landscaping](#) for contributing plants and to [Blue Bird Market](#) for supplying garden furniture!
