Paducah Main Street

A sturdy roof is one of the key elements in extending the life of a building. Today, at a check presentation celebration, Rebecca Ausbrooks with the [Paducah Antique Mall](#) received \$32,312 from the City of Paducah. These funds were matched by the business, which is located at 407 Broadway, to rehabilitate the roof. Ausbrooks said, "These grants are lifesavers. I couldn't have done it without the grant." Thank you for partnering with the City to protect the infrastructure in historic downtown Paducah. Additional information about the Roof Stabilization Assistance Program can be found at <http://paducahky.gov/downtown-development-programs>. Pictured from left to right are City Manager Jim Arndt, Planning Director Tammara Tracy, Paducah Antique Mall owner Rebecca Ausbrooks, Main Street Director Katie Axt, and City Manager's Office Intern Harrison Fry.

LET'S GET THIS "POTTY" STARTED!

What are we up to now, you ask? How about public restrooms in downtown Guthrie?! If we are going to spend our summers downtown at Music in the Park then we might as well have a place to "go"! (wink wink). The new restrooms will be located in the parking lot behind Longhurst Park and will be open during Main Street and City of Guthrie events! Our general contractor, [David Haley](#) broke ground this weekend and we are ready to "get this potty started!" This project is a partnership between Guthrie Main Street and Guthrie Tourism Commission.

KYMS will be out of the office July 18-19 for various meetings.
