Save America's Treasures Grants

The Federal Save America's Treasures grants program began in 1999 and helps preserve nationally significant historic properties and collections that convey our nation's rich heritage to future generations of Americans. Since 1999, there have been almost 4,000 requests for funding totaling \$1.54 billion. In response to these requests, \$315,152,000 was awarded to 1,287 recipients.

Grants Currently Available

The National Park Service (NPS) announces availability of \$5 million in FY2017 Historic Preservation Fund grants for the Save America's Treasures (SAT) program. SAT grants provide preservation and/or conservation assistance to nationally significant historic properties and collections. Grants are awarded through a competitive process and require a dollar-for-dollar, non-Federal match, which can be cash or documented in-kind. The grants are administered by the National Park Service in partnership with the [Institute of Museum and Library Services \(IMLS\)](#), the [National Endowment for the Arts \(NEA\)](#), and [National Endowment for the Humanities \(NEH\)](#). The Catalogue of Federal Domestic Assistance number for these awards is [15.929](#). For more information visit <https://www.nps.gov/preservation-grants/sa>

How do I Apply?

All applications are due through [grants.gov](#) by February 21, 2018 at 11:59 PM EST. **In order to submit an application, all applicants must be registered with the System for Award Management and have a **DUNS number**.** You should start this process early. Please note, on December 31st, 2017, [grants.gov](#) will no longer accept legacy PDF applications and all applications MUST be submitted via Workspace.

We are excited to report the total reinvestment numbers for Kentucky Main Street communities in 2017!

These are private/public investments across the Commonwealth that create vibrant, revitalized, historic downtown communities. Visit a Main Street community and see all the great work going on !

The conference is just one week away! We are looking forward to seeing everyone and showing off your communities at the Capitol! We are delighted that Mary Helmer from Main Street Alabama will be joining us and Laura Krizov and Leigh Young from Michigan Main Street. If you need any additional information please contact the office. Capitol directions etc. will be given at our meeting on Tuesday.

This has always been a pet peeve of the state coordinator!

People who flick butts don't typically consider this to be littering, they would never throw a paper wrapper out of the window, but that paper will disintegrate much quicker than a cigarette butt!

Cigarette Litter Prevention Program Grants.

You can start making a change in your community to reduce the amount of cigarette litter by implementing a local Cigarette Litter Prevention Program (CLPP) and educating adult smokers on the proper disposal of their cigarette butts.

Each year, Keep America Beautiful awards CLPP grants to its affiliates, local governments, business improvement districts, downtown associations, parks and recreation areas, and other organizations dedicated to eradicating litter and beautifying their communities. The 2018 grant application will open January 3, 2018.

January 12—Lisanna Byrd-Bardstown

January 20—Minta Trimble-Pikeville

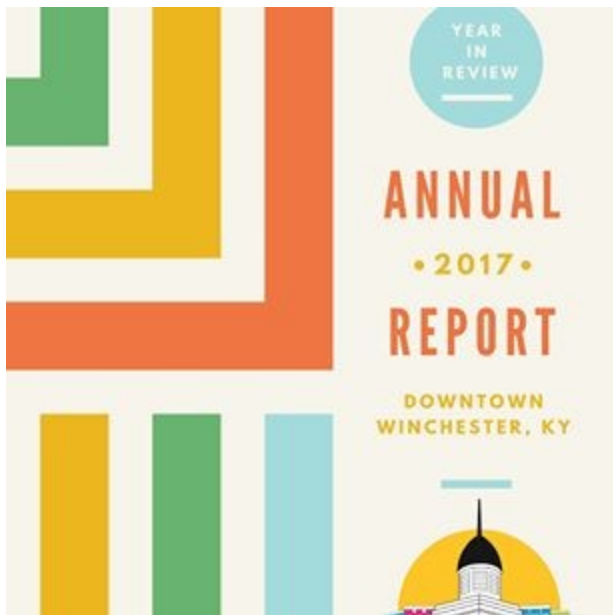

Having fun at the Pineville Gala Saturday. It's a great event to showcase all the good things that happened in 2017. Despite the cold and snow there was a huge crowd and many were in attendance from both the Pineville & Middlesboro Main Street programs in addition to coming from as far away as Louisville.

Taking selfies with the Mayor is quite entertaining :)

Pineville Mayor, Scott Madon, KYMS Coordinator, Kitty Dougoud, and Pineville MS director, Jacob Roan

Check out Downtown Winchester KY or Kentucky Main Street Facebook pages to see the Winchester Main Street annual report!

THANK YOU!

To those who submitted their recertification documents early! I have been able to complete about 1/3 of them. It has been great to have them to work on at home during all the ice and snow. It also is a huge help in helping me have all my reports that are due earlier to the NMSC.

Your documents and certificates will be mailed to you in February.

If you're in Morehead, stop by and see Tony in his new office. It's located at 149 East Main St. I advise you call first as his real office is on the street. He is always out and about talking with business owners, local officials, and anyone who is on the street visiting his community.

Guess who is coming back to town! Just in time for your visit to Frankfort and the conference! The Sunshine. YEAH!!

We are currently on track to have much warmer weather next week. So bring your shades and walking shoes!

Until then, stay safe in the wintery weather!!!

Safe travels next week.
