## STRONG TOWNS

Presents a conversation with **Jeff Speck**

**THURSDAY, FEBRUARY 15, 2018**  
**12:00PM – 1:00PM Central Time!**

Many of you will remember Jeff as our featured speaker in January of 2014

Jeff Speck is a nationally-recognized expert on building walk-friendly, people-oriented places. His book, *Walkable City*, is beloved by planners, leaders and residents of cities big and small; and his planning firm, Speck & Associates, works in communities across the country.

As part of Strong Towns' ongoing conversation about slowing cars and creating safer streets, Jeff Speck will take part in a live webcast hosted by Strong Towns President Charles Marohn. Marohn and Speck will discuss the need to slow down cars and focus on creating great places for people in our cities and towns. They'll also talk about practical ways to take action to make this a reality in your community, whether you're an elected official, a city planner or just someone who cares about the future of your neighborhood.

Participants are invited into an open Q&A following the initial discussion. To register see

This was the scene in many of our southeast communities this week-end. Many of you will recognize this as the entrance road at US 25 to Pine Mountain State Park. Areas such as Pineville, Cumberland, Benham, Lynch, and others received 5+ inches of rain Saturday.

Cheers to our 2018 Board Members!

Another Board Retreat on the books. We're all looking forward to working hard for our Cov community this coming year! [#lovethecov](#)
