The National Park Service has reviewed the Historic Preservation Certification Application – Request for Certification of Completed Work (Part 3) for this property and has determined that:

- the completed rehabilitation meets the Secretary of the Interior's Standards for Rehabilitation and is consistent with the historic character of the property and, where applicable, the district in which it is located. Effective the date indicated below, the rehabilitation of the "certified historic structure" is hereby designated a "certified rehabilitation." This certification is to be used in conjunction with appropriate Internal Revenue Service regulations. Questions concerning specific tax consequences or interpretations of the Internal Revenue Code should be addressed to the Internal Revenue Service. Completed projects may be inspected by an authorized representative of the Secretary to determine if the work meets the Standards for Rehabilitation. The Secretary reserves the right to make inspections at any time up to five years after completion of the rehabilitation and to revoke certification, if it is determined that the rehabilitation project was not undertaken as presented by the owner in the application form and supporting documentation, or the owner, upon obtaining certification, undertook unapproved further alterations as part of the rehabilitation project inconsistent with the Secretary's Standards for Rehabilitation.
- the completed rehabilitation meets the Secretary of the Interior's Standards for Rehabilitation. However, because this property is not yet a "certified historic structure," the rehabilitation cannot be designated a "certified rehabilitation" eligible for Federal tax credits at this time. The property will become a "certified historic structure" on the date it or the historic district in which it is located is listed in the National Register of Historic Places. On that date, the completed rehabilitation will automatically become a "certified rehabilitation." It is the owner's responsibility to obtain such listing through the State Historic Preservation Office. Questions concerning specific tax consequences or interpretations of the Internal Revenue Code should be addressed to the Internal Revenue Service. Completed projects may be inspected by an authorized representative of the Secretary to determine if the work meets the Standards for Rehabilitation. The Secretary reserves the right to make inspections at any time up to five years after completion of the rehabilitation and to revoke certification, if it is determined that the rehabilitation project was not undertaken as presented by the owner in the application form and supporting documentation, or the owner, upon obtaining certification, undertook unapproved further alterations as part of the rehabilitation project inconsistent with the Secretary's Standards for Rehabilitation.
- the rehabilitation is not consistent with the historic character of the property or the district in which it is located and that the project does not meet the Secretary of the Interior's Standards for Rehabilitation.

A copy of this determination will be provided to the Internal Revenue Service in accordance with Federal law.
